

We offer a wide range of immunoassays for the determination of various parameters for veterinary application, diagnostics and research. Our portfolio includes immunoassays for analytes of different animals.

## NEW Progesterone camel ELISA (DEV8833)

| Product   | Cat.-No.      | Applicable Species      | Sample Type   |
|---|---------------|-------------------------|---|
| <b>Amyloid beta (1-40) rat/mouse ELISA</b>        | JP27720*      | rat, mouse              | serum, plasma, cell culture supernatant, brain extract  |
| <b>Amyloid beta (1-42) mouse/rat ELISA</b>        | JP27721*      | rat, mouse              | serum, plasma   |
| <b>Anaplasma vet ELISA</b>                        | DEANAVT0850   | canine, other mammals   | serum   |
| <b>Angiopoietin-like 3 mouse ELISA</b>            | JP27410*      | mouse                   | serum, plasma, cell culture supernatant                 |
| <b>Babesia vet ELISA</b>                          | DEBABVT0890   | canine, various         | serum   |
| <b>Borrelia vet ELISA</b>                         | DEBORVT0040   | canine, other mammals   | serum   |
| <b>Brucella vet ELISA</b>                         | DEBRUVT0050*  | bovine, porcine, canine | serum, milk   |
| <b>Canine Distemper Virus (CDV) ELISA</b>         | DEMEAVT0330   | canine                  | serum   |
| <b>Canine Parvovirus (CPV) ELISA</b>              | DEPARVT0370   | canine                  | serum   |
| <b>CCL8 / MCP-2 mouse ELISA</b>                   | JP27773*      | mouse                   | serum, plasma   |
| <b>Corticosterone rat/mouse ELISA</b>             | DEV9922       | rat, mouse              | serum, plasma   |
| <b>Coxiella Phase 1 vet ELISA</b>                 | DECOX1VT0600* | various                 | serum, milk   |
| <b>Coxiella Phase 2 vet ELISA</b>                 | DECOX2VT0600* | various                 | serum, milk   |
| <b>Coxiella vet ELISA</b>                         | DECOXVT0600*  | bovine, other mammals   | serum   |
| <b>CRP canine ELISA</b>                           | DE1024*       | canine                  | serum, plasma, cell culture                             |
| <b>Dirofilaria Antigen vet ELISA</b>              | DEDIRVT4760   | canine, various         | serum   |
| <b>DMP1 rat ELISA</b>                             | JP27363*      | rat                     | serum, plasma, cell culture supernatant                 |
| <b>Echinococcus vet ELISA</b>                     | DEECHVT0130*  | various                 | serum   |
| <b>Ehrlichia vet ELISA</b>                        | DEEHRTVT0930  | canine, other mammals   | serum   |
| <b>Endothelin-1 (Big) rat ELISA</b>               | JP27167*      | rat                     | serum, plasma, cell culture supernatant, tissue extract |
| <b>Estradiol rat ELISA</b>                        | DEV9999       | rat                     | serum   |
| <b>Estrone-3-Sulfate equine ELISA</b>             | DEV9933       | equine                  | serum   |
| <b>Feline Corona Virus (FCoV/FIP) ELISA</b>       | DEFIPVT0870   | feline                  | serum   |
| <b>Feline Immunodeficiency Virus (FIV) ELISA</b>  | DEFIVVT0750   | feline                  | serum   |
| <b>Feline Leukemia Virus (FeLV) Antigen ELISA</b> | DEFELVT4800   | feline                  | serum   |
| <b>Giardia Antigen vet ELISA</b>                  | DEGIAVT4160   | various                 | stool   |
| <b>GRO/CINC-1 rat ELISA</b>                       | JP27162*      | rat                     | serum, plasma, cell culture supernatant                 |

| Product   | Cat.-No.     | Applicable Species          | Sample Type                             |
|---|--------------|-----------------------------|---|
| <b>GRO/CINC-3 rat ELISA</b>                           | JP27163*     | rat                         | serum, plasma, cell culture supernatant |
| <b>GRO/KC mouse ELISA</b>                             | JP27137*     | mouse                       | serum, plasma, cell culture supernatant |
| <b>Haptoglobin canine &amp; feline ELISA</b>          | DE1033*      | canine, feline              | serum                                   |
| <b>IGF-I mouse/rat ELISA</b>                          | DEE025       | rat, mouse                  | serum, plasma                           |
| <b>Interleukin-1beta rat ELISA</b>                    | JP27193*     | rat                         | serum, plasma, cell culture supernatant |
| <b>Interleukin-6 mouse ELISA</b>                      | JP27768*     | mouse                       | serum, plasma, cell culture supernatant |
| <b>Leishmania vet ELISA</b>                           | DE0310       | canine, other mammals       | serum                                   |
| <b>Leptin mouse ELISA</b>                             | JP27160*     | mouse                       | serum, plasma, cell culture supernatant |
| <b>Leptin rat ELISA</b>                               | JP27295*     | rat                         | serum, plasma, cell culture supernatant |
| <b>Leptospira IgM vet ELISA</b>                       | DELEPVM0660* | various                     | serum                                   |
| <b>Leptospira vet ELISA</b>                           | DELEPVT0660* | canine, other mammals       | serum                                   |
| <b>LRG mouse ELISA</b>                                | JP27785*     | mouse                       | serum, plasma, cell culture supernatant |
| <b>MCP-1 rat ELISA</b>                                | JP17176*     | rat                         | serum, urine, cell culture supernatant  |
| <b>N-ERC/Mesothelin rat ELISA</b>                     | JP27765*     | rat                         | serum, plasma, cell culture supernatant |
| <b>Osteopontin mouse ELISA</b>                        | JP27351*     | mouse                       | serum, plasma, cell culture supernatant |
| <b>Osteopontin N-half mouse ELISA</b>                 | JP27259*     | mouse                       | serum, plasma, cell culture supernatant |
| <b>Osteopontin rat ELISA</b>                          | JP27360*     | rat                         | plasma, urine, cell culture supernatant |
| <b>Pasteurella multocida Toxin Antibody vet ELISA</b> | DEPASVT0960  | various                     | serum                                   |
| <b>PMSG ELISA</b>                                     | DE1298       | equine                      | serum                                   |
| <b>Progesterone camel ELISA</b>                       | DEV8833      | camel                       | serum, plasma                           |
| <b>Progesterone rat/mouse ELISA</b>                   | DEV9988      | rat, mouse                  | serum, plasma                           |
| <b>Riemerella vet ELISA</b>                           | DERIEMVT0880 | turkey, other avian species | serum                                   |
| <b>soluble alpha-Klotho mouse ELISA</b>               | JP27601*     | mouse                       | urine                                   |
| <b>TBE/FSME IgM vet ELISA</b>                         | DETICVM0440  | various                     | serum                                   |
| <b>TBE/FSME vet ELISA</b>                             | DETICVT0440  | various                     | serum                                   |
| <b>Testosterone rat/mouse ELISA</b>                   | DEV9911      | rat, mouse                  | serum, plasma                           |
| <b>TNF-alpha rat ELISA</b>                            | JP27194*     | rat                         | cell culture supernatant                |
| <b>Toxocara vet ELISA</b>                             | DETOCVT0450  | various                     | serum                                   |
| <b>Toxoplasma IgM vet ELISA</b>                       | DETOXVM0460* | feline                      | serum                                   |
| <b>Toxoplasma vet ELISA</b>                           | DETOXVT0460* | canine, feline              | serum                                   |
| <b>Trichinella vet ELISA</b>                          | DETRIVT0480  | various                     | serum                                   |
| <b>TSH canine ELISA</b>                               | DEV9955      | canine                      | serum, plasma                           |
| <b>TSH rat ELISA</b>                                  | DEV9977      | rat                         | serum, plasma                           |
| <b>VEGF mouse ELISA</b>                               | JP27102*     | mouse                       | serum, plasma, cell culture supernatant |
| <b>VEGF rat ELISA</b>                                 | JP27101*     | rat                         | plasma, cell culture supernatant        |
